HOW DEBILITY SHOWS

AND WHY DR. WILLIAMS' PINK PILLS ARE A SPECIFIC FOR IT.

A Case in Watertown in Which a Pale, Weak Girl Was Made Strong and Well.

The symptoms of general debility vary according to the cause but weakness is always present, a tendency to perspire and fatigue easily, ringing in the ears, sometimes black spots passing before the eyes, weak back, vertigo, wakefulness caused by inability to stop thinking, and unrefreshing sleep. The cause of the system or it may be mental or physical overwork, sometimes insufficient nutrition due to digestive disturbance. In the latter case there is generally a loss of appetite and a coated tongue as well as general languor and debility.

Miss Lulu M. Metzger, a stenographer, living at 71 Mill street, Watertown, N. Y., suffered for over a year from general debility. "It was caused by overstudy," she says, "and I had no ambition, didn't want to go anywhere, my food didn't taste good, I was run down, lifeless and listless. I took medicines but they failed to help me. Finally friends recommended Dr. Williams' Pink Pills to my mother and she got some for me. I took them for some time and was entirely cured and have had no return of the trouble."

The mother, Mrs. George Metzger, is also enthusiastic in her praise of Dr. Williams' Pink Pills and says that they are her favorite family remedy. Dr. Williams' Pink Pills cure debility because they actually make new, rich blood, and as the blood carries nourishment to all the organs and tissues of the body, nerves as well as muscles, the new blood stimulates the organs to do the work that nature expects of them and normal health follows. As the stomach is toned up, indigestion disappears and the food is properly digested and derived from the food. The nerves are revitalized and refreshing sleep is obtained. Not only is this tonic treatment sufficient to cure debility but many severe disorders of the blood and nerves have yielded to its curative action. Each six sufficient exercise and nourishing food greatly assist the pills in effecting cures in all cases of debility.

The pills are sold by all druggists, and will be sent postpaid, on receipt of price, 50 cents per box, six boxes \$2.50, by Dr. Williams' Medicine Co., Schenectady, N. Y. Send for free book.

Death of Well Known Lawyer
James A. Brown, a well known lawyer of Burlington died at his home, 10 South Union street, Wednesday, at 10:30 a. m. He had been ill for several months, because of a kidney trouble. He was able to be about until ten days ago.

Mr. Brown was born in Grand Isle in 1850 and entered the University of Vermont from South Hero, graduating in 1873. Three years later he was admitted to the bar and was subsequently state's attorney for Grand Isle county. About 1885 he moved to Burlington and was a deputy collector of internal revenue for a year or two. He was city attorney in 1893 and again in 1904 and 1905. During his last tenure of the office the board of aldermen had occasion to seek his opinion on many matters of importance to the city and those opinions were invariably given in various language that left no doubt as to what he believed. The outspoken manner was one of his characteristics and he always had the courage of his convictions. He was a democrat in politics and active in the affairs of his party.

Famous Strike Breakers.
The most famous strike breakers in the land are Dr. King's New Life Pills. When liver and bowels go on strike, the pills settle the trouble and the purifying work goes right on. Best cure for constipation, headache and dizziness. 25c at Red Cross pharmacy.

ABOUT THE STATE.

Items of Interest Gleaned From Our Exchanges.

Carroll Duval, son of Malboro Duval, of Wolcott, while saving out window casings, got his hand caught and all the fingers cut off on the saw.

News has been received of the sudden death of the Rev. F. E. Dewhurst at his home in Chicago Tuesday forenoon. Mr. Dewhurst was pastor of the Berean Baptist church in Burlington from 1889 to 1893.

Olin Baker, an employe at the Junction pharmacy at Essex Junction, was given a hearing Tuesday on a charge of furnishing liquor and was sentenced to the house of correction, Rutland, for a term of three months. The boy, who is but 18 years old, claims that he obtained the liquor in Winoski.

The attempt made with rather poor success by a few dealers last year to raise the price of milk in Rutland during the winter from five to six cents a quart has again been tried by one local milkman; his competitors continue to sell at the old price. The creameries have discussed a proposition to make milk cost more to consumers but nothing definite has been arrived at, the price still being four cents a quart, not including the cream. They have, however, changed the price of cream from 32 to 35 cents a quart.

Hawley C. White, president of the H. C. White company of North Bennington, has just returned from a flying trip to Boston, made in his automobile and in which he was accompanied by his son Harrie and wife. He also made a record for time between Bennington and Boston. Leaving Bennington at 7:50 a. m. and arriving at Boston at 6:30 o'clock, the trip of about 200 miles was made in 11 hours. Better time was made on the return trip, the start from Boston having been made at 7:30 a. m., and North Bennington having been reached at 5:30 p. m.

Lemuel B. Carr died of consumption on Tuesday afternoon at the home of Mrs. E. H. Doten, his daughter in Montpelier. The deceased was born in Calais, April 21, 1851 and was one of a family of 13 children of whom three survive, a sister, Mrs. S. H. Chapman of Montpelier and two brothers, H. O. Carr of Berlin and S. D. of Northfield. Of the immediate family the deceased already had a son, Herman A. Carr of Montpelier.

Mr. Carr had been a farmer and had been many years in the native town of Calais. He was a life long member of the Baptist church and was active in the denomination. He was highly esteemed by a wide circle of friends.

Postmaster J. G. Brown of Montpelier has succeeded in getting the R. F. D. routes from his post office. He has been successful in getting the office at 8 o'clock in the morning instead of 9:30 as at the present. When the trains have waited for the 9:30 train they have had to be late in starting out and consequently many people did not get their mail until the afternoon. This arrangement went on about six weeks ago and occasioned much trouble.

The Only Survivor
of the Hayes Arctic expedition, Mr. S. J. McGonick, now U. S. deputy mineral surveyor, Bill Staton, Idaho, says: "For years I have suffered from severe pains in the hip joint and backbone, depriving me of all power. The cause was stone in the bladder and gravel in the kidneys. After using Dr. David Kennedy's Favorite Remedy of Rondout, N. Y., I was completely cured."

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the forerunner of the scalp, caused by germs destroying the vitality of the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Hairdressing kills this dandruff germ, and restores the hair to its natural softness and abundance.

Herpelle is now used by thousands of people—satisfied that it is the most wonderful hair preparation on the market today.

Sold by leading druggists. Send 10c in stamps for sample to The Herpelle Co., Detroit, Mich.

ioned much dissatisfaction among the patrons of the route as they wanted their papers in the morning. A petition was consequently gotten up to have the time of leaving the office changed back to 7 o'clock again and postmaster Brown has since been at work endeavoring to have it changed. The result will be generally satisfactory to those on the rural routes.
